

# Renewable Energy Training

## BST Working at Heights

GWO and RenewableUK combined qualification

Enables workers to safely access conventional-design wind turbines using fixed vertical ladders and personal fall protection equipment, to evacuate from a wind turbine and perform ladder rescues using a fixed-rate descent device.

This syllabus delivers the Safe Working at Heights module of the Global Wind Organization 'Basic Safety Training' standard, and additional elements defined by the RenewableUK 'Working at Height and Rescue-Wind Turbines' standard.

*Successful candidates will receive dual certification.*

### Course Content

- ▼ Knowledge of global and UK legislation, standards and the RenewableUK Wind Turbine Safety Rules.
- ▼ Selection and use of personal fall protection equipment.
- ▼ Fundamentals of risk assessment and typical hazard scenarios.
- ▼ Principles of safe working at heights in wind turbines.
- ▼ Basic principles of wind turbine evacuation and rescue.
- ▼ Climbing to a height of 15 metres using installed fall arrest equipment on fixed vertical ladders.
- ▼ Work positioning on fixed ladders.
- ▼ Emergency evacuation using a fixed-rate descent device.
- ▼ GWO ladder rescue techniques.
- ▼ RenewableUK rescue scenarios.

Course code	<b>AAW01</b>
Training time	<b>2 days</b>
Certification	<b>2 years<sup>1</sup></b>
Your venues	<b>Yes<sup>2</sup></b>
Student ratio	<b>4:1</b>
Practical	<b>Yes</b>
Certification	<b>GWO &amp; RenewableUK</b>

1: Practices for rescue should be carried out at least annually and a refresher course must be undertaken within 2 years.

2: Use of customer sites will be subject to an assessment and the audit requirements of RenewableUK and GWO.

Delegates must be medically-fit to perform the practical elements of this course and must sign a medical disclaimer to that effect.

### Also available

- ▼ **AAW02** GWO BST Working at Heights
  - ▼ *For delegates not requiring RenewableUK certification (content identical)*
- ▼ 1-day Refresher Courses
  - ▼ **AAW06** GWO & RenewableUK
  - ▼ **AAW10** GWO only
